December 21—January 9: NO SCHOOL—Winter Break

Welcome back! We hope everyone had a wonderful Thanksgiving break. I know that the staff returned reenergized and invigorated! While winter break is just around the corner, these next few weeks of school are filled with lots of learning and exciting programming. Don't miss the HPA PTO sponsored Craft Fair on December 8th, and our school-wide International Day on Thursday, December 20th.

One of the aspects that makes High Point Academy an amazing place is our focus on service. My heart is filled with joy by the many service projects students are leading. The week before thanksgiving break, middle school students spent time learning about and discussing the idea of those in need in and around the Denver area. Students themselves determine that a canned food drive was a great way to give back and help out in preparation for the holiday season. Each advisory created a plan for how their group would collect the items and also set a goal around the amount of items they would bring in. Students had a week to collect and bring in items for their group. On Friday the food items were counted to determine the winning advisory group in each grade level. A big shout out to the advisory groups of Mrs. Garcia, Ms. Rendon, and Mrs. DelRoss whose students brought in the most items in their grade. As a whole middle school our students brought in over 450 food items to be donated to the Food Bank of the Rockies! Our students are now going to focus their attention on creating a service learning project that will directly affect our High Point community. Stay tuned for more details about this project in the new year.

The focus on service is not limited to our K-8 students and programming. Preschool is also conducting a service project and teaching, even our youngest students, the power and importance of giving and helping those in need. Preschool is collecting pajamas to donate. Students are encouraged to bring in PJs until December 13th.

If you would like to learn more about High Point's philosophy around service and service learning, please attend the next *Coffee with Keri*, on December 12th at 8AM. We will be discussing Service Learning and sharing the many projects students have done and the ways it supports our students' learning and growth.

Please join me in congratulating and acknowledging our students and their efforts to help make this world a better place. Obviously none of this would be possible without our committed and passionate staff and families who make these experiences possible.

I am inspired by our children and our caring and giving community.

With gratitude,

Keri Melmed
Executive Director/Principal
