Asthma and Inhalers

Many of our HPA students have been diagnosed with Asthma. This is the time of year we see many severe and life threatening Asthma attacks. If your child should have an inhaler in the "health office", please bring one in or call and check that we have one for your student. If your child has an Asthma attack and is having trouble breathing, we are required by law to call 911. The EMS team will respond, administer an inhaler and charge you (the parent) for the 911 call. (It is expensive, I have heard \$1500-\$2000) so, please bring your child's inhaler in or call and let us know they carry one with them.

Please call or stop by the "health office" if you have any questions or need help getting your child an inhaler.

This week we have launched our Fun Run/Just Dance Boosterthon fundraiser that is sponsored by our Parent Teacher Organization (PTO). Over the course of the week our teachers and staff have done an excellent job building excitement and supporting our students with this event, and we thank them. We'd also like to give a big thank you to our students and families who have been working so hard to get pledges and donations. We cannot do this fundraiser without your support and participation!

As you may know, the PTO is an organization that supports the work of the school so that we can have the very best programming and opportunities for our students. All of PTO fundraising dollars are spent on our students or teachers. PTO supports programs like Zero Hour, where students can receive free tutoring from HPA teachers. PTO also celebrates and acknowledges our teachers during Teacher Appreciation week. Additionally, if teachers are interested in conducting a special program or project, they will go to PTO with their proposal. Over the years PTO has sponsored many teacher initiated programs. PTO plays an integral part in supporting HPA and we thank all of our PTO volunteers for their dedication. If you are interested in getting involved in our PTO please attend a meeting or email the PTO for more information. PTO@highpointacademy.net

Choosing a fundraising activity that both yields financial profit and aligns with our school mission and culture can be difficult. The Fun Run/Just Dance has helped us achieve both of these goals – raising funds while supporting our mission of health and wellness. Students are excited to participate in the Just Dance-a-thon and see how long they can boogie! Many students are challenging each other and their teachers to see how many moves they can make. We are proud of each and every student for participating and for trying their best – regardless of pledges or dollars raised.

Most importantly we are excited to have this opportunity to come together as a community – to be active and to enjoy one another.

We also want to express our thanks to our facilitators from Boosterthon, who have been at HPA this last week doing anything from supporting the fundraising effort, to helping out at recess and carpool. We also appreciate our staff, teachers, students, and families for making this fundraising event a huge success.

With husky pride,

Keri Melmed

Executive Director/Principal
