*Our mission is to provide a strong foundation of academic excellence in partnership with family and community in which each individual is challenged to achieve his/her highest potential academically, socially, and personally.*

## A Message from Executive Director/Principal, Keri Melmed

Dear HPA Families,

A few years after I started at High Point Academy, we began a ritual to celebrate our students who attended High Point from Kindergarten through 8<sup>th</sup> grade. These students are called “Sandbox Kids”. Our sandbox students are often our most prepared for high school and beyond. They have received the attention and care of the High Point community for nine consecutive years and that love builds in them a sense of confidence and strength academically, socially, and emotionally. This email is to share with you that this year I too will be graduating from High Point along with our sandbox kids. I am venturing into my next phase of leadership by supporting schools and school leaders across the country to help them establish learning communities where all students thrive.

Over nine years ago I was asked by the founding leader Terry Croy Lewis and HPA governing board to lead High Point Academy. The school had successfully launched, was no longer a ‘new’ charter, and the board was looking for an instructional leader to guide teachers and staff into its next phase.

From the beginning, the High Point community stood out as special. Families that enroll their children were looking for something better than our neighboring districts could provide, and so our collective bar was set very high to ensure the best learning environments for all of our students.

I believe it is our shared passion and partnership that has enabled us to accomplish so much these last nine years. From facility improvements like our NFL field (with a scoreboard and bleachers installed soon) to our beautiful fence; from punitive traditional instructional and discipline practices to student-centered restorative approaches, updated technology, and engaging curriculum; from lagging enrollment and teacher pay to growing enrollment and competitive salaries- not to mention successfully navigating the coronavirus pandemic. We have stayed strong and accomplished so much together and the future is full of hope.

Leading High Point Academy has been some of the most challenging and rewarding years of my life. The ups and downs have taught me so much about myself, education, and leadership. The time has come, and this will be my last year at HPA. While it is time to make this transition, I will always be a Husky; my heart is full and I am grateful for your trust and humbled by the privilege of leading this community for nearly a decade. I have full confidence in what we have built together, and that the HPA community will continue to flourish and prosper.

With Husky pride,

Keri Melmed—Executive Director

## Clothes to Kids

While school uniform clothing is not always included [Clothes to Kids](#) does have some basic uniform pieces (khaki and navy pants) that are mixed in to the shopping racks. Volunteers can also check the back for families with specific uniform requests. This is the slow season at [Clothes to Kids](#), so any families that visit in the next couple months will have a really good selection and a better chance of finding school uniforms.
