

High Point Academy

2023 -2024 Uniform Expectations

High Point Academy has a uniform policy to keep students safe at school. Research shows that schools with a uniform policy have fewer discipline infractions, higher perception of safety, and fewer instances of bullying. (Journal on school Violence, 2019). However, we do agree that student freedom of expression is important, and so our policy also offers the opportunity for students to express themselves.

All students must always wear school uniform. This includes during the extended school day and on field trips. The uniform should be worn with pride because it represents our commitment to each other, our commitment to our school values and our commitment to work together to become excellent learners & leaders. When students, staff and families wear the uniform, we will be seen as a team.

All HPA students must follow the uniform policy daily. If students come to school out of uniform, they will be sent to the main office where they will be asked to call home so a uniform can be brought to school. If buying the uniform will cause a financial hardship to your family, please email info@highpointacademy.net and we will assist them to get into uniform.

Shirts, Sweaters, and Hoodies 	<p>Shirts, sweaters, and hoodies must be solid white, hunter green, gold, or gray.</p> <ul style="list-style-type: none"> Any High Point Academy clothing sold by the school is permitted (visit the school's website for details).
